

MARMARA Original® is produced from a strict selection of the finest French hemp fibers. Our hemp fiber has grown without irrigation, fertilizers, herbicides. It has been processed in the most sustainable way to become the First Certified Sustainable cottonized Hemp fiber.

We team up with top experts to offer you this anti-bacterial, anti-microbial, biodegradable and sustainable hemp fiber.

Marmara Original, sustainable by essence.

Technical specifications

Cottonized hemp fiber type Marmara Original

FINENESS

Micronaire :	12,63
Fineness :	10,22 dtex

HIGH VOLUME INSTRUMENT

Strength :	74,79 cN/tex
Elongation :	2,4 %
Mean Length :	30,74 mm
UHML :	38,02 mm
Unif Index :	80,8 %
SFI	12 %

COLOR

Color :	Natural
---------	---------

PACKAGING

Weight :	110 / 120 kilos
Size :	110 x 55 x 55 cm
Wrapping :	None (<i>optional</i>)
Volume :	9/10T in a 20' container 20/22T in a 40' container

SPINNABILITY

Ne 8 / Ne 14 with up to 30 % Hemp
Ne 16 / Ne 30 with 20 to 25 %Hemp
